

Distribution:
Class 6

19th February 2008

Dear Parents,

In order to enhance Year 6's curriculum by linking Maths, Science and Design Technology, I have arranged for the children to take part in an architecture workshop, called "Bridging the Basin".

This will take place on **Tuesday 26th February** in the school hall, during school time.

The total cost of the workshop is £165.00, which covers the cost of the specialist staff who run the workshop.

The school is prepared to cover the majority of this cost, however we would be obliged if a voluntary contribution of **£1.00 per pupil**, could be paid to assist in this cost.

Please complete the below slip and return by **Friday 22nd February**.

Yours sincerely,

Mrs J. Davies.
Class 6 Teacher

Bridging the Basin on 26th February

I give permission for my child:
to take part in the "**Bridging the Basin**" workshop and enclose a voluntary contribution of **£1.00**.
